

2 MOLESEY JUNIOR HEAD

OUTLINE OF THE PROPOSED EVENT

DATE : 16th February 2019, already agreed by TRRC.

Course: A processional race 3250 metres downstream from Sunbury Lock to Hampton Ferry in the morning before the Molesey Veteran Head.

Reach: Molesey Reach of the River Thames

Target classes: J13, J14, J15 in fours, quads, eights and octuples are the main classes, although some older classes may be offered to suit the wishes of local schools. A maximum of 100 entries will be allowed.

Organizing body: The committee of Molesey Amateur Regatta, Molesey Junior Regatta and Molesey Veteran Head.

Purpose: To provide a racing opportunity for the younger junior rowers, under safe management, and one which they will enjoy.

Rationale: The proposed organisation, whilst being based on that of Molesey Veteran Head (running successfully for 45 years), has been carefully examined and modified to cater for junior rowers and their different needs.

The final detailed arrangements will be worked through carefully with the help of the local clubs (Molesey, Whitgift, Wimbledon High, Hampton and LEH), who are strongly in support of the event and who will be providing equipment, staff and entries.

18th November 2018
