**Overview of the event**

The event will be run in the morning before the Molesey Veteran Head in the afternoon, and over the same 3250m course on the Thames between Sunbury Lock and Hampton Church . This is a very safe reach, with no obstacles, although it can be subject to adverse stream conditions.

We are well aware that different and extra precautions are needed in respect of young rowers and will be consulting with all the junior coaches as to how to best identify and provide these. Our intention is to make this race an enjoyable one for young participants.

The event will be managed on the back of the Molesey Veteran Head organisation. We want it to be a separately affiliated and recognised event and become an important race in the Junior racing calendar, providing a needed racing opportunity for the younger juniors.

On our reach there are five junior rowing organisations. Molesey, Wimbledon, Whitgift, LEH and Hampton. They have all offered to support, assist with and enter the event. Immediately outside the reach we have KGS, Tiffin, Surbiton High School and Guildford. So, it could easily be a kind of 'local river family' occasion – and that's what we are hoping to create.

Going further out are Putney High, Latimer, Sir William Perkins, Tiffin Girls, Tiffin, St Paul's, St. George's, Emmanuel and KGS.

The view being expressed by everyone is that it would be great to have more junior competition, especially for the age groups who have few racing opportunities at this time of the year.

We are really excited that we can create an event of this sort, and hope that it will gain approval!
