**MOLESEY JUNIOR HEAD AFFILIATION  
FEBRUARY 16th 2019**

Attached are the files which make up the affiliation application. They are numbered from 0 to 11, and should be read in that order.

Everything has been examined and revised since the first application. It is very much hoped that it will meet Tony's expectations for a carefully planned and safe event.

Paper copies of this will be brought along to the TRRC meeting on Wednesday night in anticipation of being signed off. It is realised of course that TRRC approval has already been given on the basis of the first submission. These then will be delivered to the British Rowing office.

It is hoped that the TRRC and the NCC will soon be able to give approval for this new Junior rowing event, so that detailed preparations can be got under way.
